Location: D318
Present: Erika Borja, Chris Johnson, John Cifone
Members not in attendance: Evan Copeland

Meeting leader: Erika Borja
Minutes taker: John Cifone

Agenda items to be discussed:
- Deliverable 2
- Getting the coding environment set up

Summary of Discussion:
- We talked about quality requirements and whether or not they were needed. We eventually concluded that since quality requirements weren't referenced in the deliverable 2 document, that it wasn't needed.
- However, we decided that we needed to add a new section to our use cases for exceptions
- We talked about what software we're going to use for the database, namely MySQL, and how to download that.

Action Items:
The agenda for next meeting:
- Discuss and start working on deliverable 3

Adjournment:
12:35PM
